Subject: Application for Junior Web Developer Position

Dear Hiring Manager,

I am writing to express my keen interest in the Junior Web Developer position at Joinrs, as advertised. Your mission to support recent graduates resonates deeply with my own aspirations, and the opportunity to contribute to a company with such a strong social impact is incredibly appealing. The prospect of working remotely, utilizing the latest technology (MacBook!), and receiving comprehensive on-the-job training is particularly exciting.

My background in software development, encompassing both front-end and back-end technologies, aligns perfectly with the requirements outlined in the job description. My experience at Cognizant Technology Solutions, detailed in my resume, honed my skills in Java, Spring Boot, and Agile methodologies, resulting in demonstrable improvements in code maintainability and API response times (15

My personal projects further highlight my capabilities. The redesign of a responsive e-commerce website using React resulted in a 30

I am confident that my skills and experience, as detailed above and in my resume, make me a strong candidate for this role. I am eager to learn more about this opportunity and discuss how I can contribute to the Joinrs team. Thank you for your time and consideration.

Sincerely,

Yashwanth Raj Tirupati
